### Experience

#### ○ Founder/Depth Psychologist

Surface Depth, PLLC., P.O. Box 201, Richmond, VT, 05477

##### 2021-present

Psyche care is soul-making with personal agency versus coping with dysfunctional realities. Dr. Annie focuses on tending psyche, shadow work, identity, transitions, & trauma as seen through psychologies of liberation, alchemical, eco-psychological, & cross-cultural perspectives. Dr Annie's process is client-centered, mindfulness-based, Jungian-informed, culturally inclusive, & collaborative.

Depth Psychology explores the unconscious through an imaginal framework. Creative methods allow you to learn about your psychic make-up, develop a relationship with your psyche, intuition, & unconscious parts and deepen your emotional education.

The purpose is to identify tools to help you navigate & integrate your lived experiences; tools designed & developed by you!
